1984

Bateman takes 1st place again

Complete list of the race results, page 4C.

By Paul Marks
Macon Telegraph and News

Tony Bateman of Charlotte, N.C. became the first runner to ever win the Macon Labor Day Road Race consecutively when he led a record field of 1,260 runners to the finish line Monday morning in a time of 30 minutes and 12 seconds.

Sherry Langlais of Columbus won the women's division in 37:34, and an overall finish of 81st.

Neither Bateman nor Langlais challenged the course records. Kevin Moats of Kennesaw set the overall course record with a time of 29:46 in 1982. Shirley Silsby of Tallahassee, Fla., owns the women's record with a time of 34:43 in 1980.

The race, sponsored by the *Macon Telegraph and News*, held special significance this year since it was declared the 10,000-meter Championship Race of Georgia by the Road Racers Club of America.

Herb Wills of Tallahasee, Fla., won the Labor Day race twice before Bateman — 1979 and 1981. But conquering the course two years in a row and claiming the state championship gave Bateman extra cause for celebration at the awards ceremony in Central City Park.

"I'M AS HIGH as a Georgia pine," said Bateman, following up his victory of 1983 in 30:51.

Macon's Adam Pinkston finished second, recording a personal best of 30:52 in a futile chase to catch Bateman.

Bateman ran even with Mike Mead of Carrollton through the first mile of the 6.2-mile or 10,000-meter race in a time of 5:04 Mead fell off Bateman's pace between the first and second mile. After Bateman left Mead at two miles, no runner ever came within 200 yards of him.

Pinkston caught up with Mead at the 3.5-mile mark.

"We went out to a faster first mile

(See RACE, page 4A)

Race From page 1A

this year than last," said Mead. The Carrollton runner finished third in the race at 31:13. Last year Mead finished second and Pinkston took third.

"This was my first 10K race since July," Mead said, "so I might not have been tuned up."

PINKSTON MADE a bid to catch the 28-year-old Bateman, but for the second year in a row he proved too tough to run down.

"I tried to close the gap after passing Mead," Pinkston said, "but I could see him accelerate up the St. Paul (Apartments) hill, and I knew no one would get him then."

Pinkston did have a consolation.

"I am just happy to break 31 minutes on a certified course and run a new personal best time at 10,000 meters," he explained.

Bateman said he knew he would be the target today since he returned to defend the Labor Day Road Race title.

"I was very nervous before the race," Bateman said. "This kind of thing sets you up to get knocked off.

BATEMAN WAS ABLE to easily handle all challenges, however, and for that he gave thanks to his wife Edie, who ran in Monday's race. Bateman also offered thanks to an Olympic athlete, John Tuttle of Auburn, Ala.

Tuttle was a qualifier on this year's U.S. men's Olympic marathon team in Los Angeles.

"I trained with John Tuttle in Auburn for about eight or nine months," Bateman said. "You share a lot with a guy when you work with him like that for a long time, and a part of me went with him to the Olympics. Maybe a part of him was with me today to help win this race."

In contrast to the men's race, the women's competition was one of the closest in the race's eight-year history. Just 19 seconds separated the top four finishers.

Langlais said she, Jolie Greenway of Decatur and Betsy Shilito of Atlanta came off the starting line together. Lyn Floyd of Macon joined them in a battle for the lead after four miles had been run.

"The women's race was truly a race today," Langlais said. "Shilito and Greenway went ahead of me between mile one and two. I reeled them in between mile two and three. Then Lyn Floyd caught up and I was third behind her and Jolie Greenway. I finally caught up with Floyd on the downhill stretch just past four miles, and held the lead all the way, but it wasn't easy."

Langlais won her division in the first year she entered. She and Greenway, who finished third at 37:48, combined with Betty McBrayer of Macon who finished fourth in 37:53 to win the women's team competition for Running in Georgia.

ALL THREE WOMEN set new personal records at 10,000 meters in the Labor Day race.

Floyd also set a personal record of 37:44 as the second woman finisher.

The men's team competition was won by the Running In Georgia team of Pinkston, sixth place finisher Gary Jenkins (31:28) and 10th place finisher Frank Daniels (32:00). The masters team competition was won by the Atlanta Track Club team of Fred Enloe (35:46), Tommy Cannon (35:59) and Tommy Owens (36:07).

Richard Boggs of Barnesville was the male masters winner in 33:54, and Karen Ammons of Columbus won the women's masters division with a time of 38:55.
